

Don't waste more money, send those bills to us today and let the savings begin!

## Together, let's try and save your organisation some money!

Each year Utility Aid helps hundreds of charities and businesses save money on their energy and it all starts here; a no obligation, free energy audit which will give you peace of mind that your organisation has everything under control!

Visit our website at [www.utility-aid.co.uk](http://www.utility-aid.co.uk) to find out more information about our company and all the people we help.

Our Expert Team will carefully analyse that:

- ✓ VAT has been calculated at the correct level
- ✓ Climate Change Levy has been calculated at the correct level
- ✓ Each site is on the most appropriate tariff
- ✓ You are not overpaying for your energy
- ✓ You are in a suitable contract
- ✓ Your bill has been correctly calculated

When complete, Utility Aid will provide you with a summary of anything else we may notice as being unusual and make

helpful recommendations on things you may like to consider doing differently.

We will check the rates you currently pay and see if there is a better deal we can find you. We will show you what savings can be made by moving to a lower rate, but remember - there is no obligation to move!

Utility Aid is an award winning energy consultancy which supports hundreds of charities with energy advice across the UK. We also work in partnership with the following leading voluntary bodies:

## WHAT YOU NEED TO DO NOW

3 simple steps that only take a minute but could save you thousands of pounds!

- 1 Grab a copy of a recent electricity or gas bill and send it through to us – it contains all the information we need to begin your audit.
- 2 If you have a copy of an energy contract on file from your supplier then send it too, if you don't have one or can't find one, we can request any missing information on your behalf with a basic Letter of Authority.
- 3 Once you have the information to hand, you can send them through in any of the following ways:
